

*“Organized for the Advancement of the Mainland Sugarcane Industry”*

December 4, 2017

To: Potential Sponsors of the 2018 Joint Annual Meeting of the ASSCT

The main objective of the American Society of Sugar Cane Technologists is to advance the mainland sugarcane industry. The society is organized with two divisions, Florida and Louisiana, which hold respective meetings in September and February. The society also has a joint annual meeting in June. At our June meeting we strive to give our members opportunities to exchange ideas, learn about new technologies and research developments, and meet vendors as they display their equipment, supplies and/or services. We incorporate time for informal interaction through receptions, breaks, lunch, and a golf tournament. Our corporate sponsorship program allows us to host a quality meeting, at an acceptable cost to our members. Sponsorship funds go toward expenses associated with keynote speaker, entertainment, receptions, and/or golf tournament expenses. Meeting sponsors receive discount registration fee (regularly \$750) plus the following special recognition:

- Sponsors logos and names are prominently displayed at entrances to the exhibit hall.
- Sponsors logos and names are prominently displayed on the meeting program.
- Sponsors logos and names are prominently projected between presentations at Plenary and Technical Sessions.

We have three levels of sponsorship:

- **Platinum level:**
  - \$4,500 without exhibiting
  - \$5,000 with one exhibit table and choice of table location\*
- **Gold level:**
  - \$2,500 without exhibiting
  - \$3,100 with one exhibit table and choice of table location\*
- **Silver level:**
  - \$1,000 without exhibiting
  - \$1,650 with one exhibit table and choice of table location\*

\*Order of choice determined by sponsorship level followed by date of sponsorship payment.
